GOVERNMENT OF KERALA

Industries (G) Department

NOTIFICATION

No. 25707/G3/75/ID. *Dated Trivandrum, 15th November 1975.*

S. R. O. No. 1088/75.—In exercise of the powers conferred by sub-section (1) of section 15 of the Mines and Minerals (Regulation and Development) Act, 1957 (Central Act 67 of 1957) and all other powers enabling them in this behalf, the Government of Kerala hereby make the following amendment to the Kerala Minor Mineral Concession Rules, 1967, published as S.R.O. No. 364/67 under the Notification No. 15203/E2/63/ID dated 24th November 1967 in Part I of the Kerala Gazette No. 49 dated 12th December, 1967 namely:—

AMENDMENT

In the said Rules, in sub rule (2) of rule 57 for clause (h), the following shall be substituted, namely:—

"(h) A contractor in the employ of any Panchayat or Municipality shall not be eligible for concession on royalty payments even if the mining is done in Government-owned lands. He shall pay the royalty on the mineral

mined by him at the rates specified in Schedule I. But such a contractor shall be exempt from obtaining quarrying permit or quarrying lease provided he produces before the competent authority a certificate from the Executive authority of the Panchayat or Municipality to the effect that the mining is done for bonafide public purposes. However such a contractor shall obtain a quarrying permit or quarrying lease, if the mining is done in any other type of lands even if the mineral is to be used for public purposes.

Note:— "A contractor in the employ of any Government department quarrying minor minerals from Government-owned lands including porambokes, for bonafide purposes, coming under the departmental works, shall be exempted from obtaining a quarrying permit or quarrying lease and payment of royalty for removing minor minerals."

By order of the Governor,

K. NARAYANAN,
Special Secretary to Government.

Explanatory Note

(This is not part of the Notification, but is intended to indicate the general purport).

Rule 57 (2) (b) of the Kerala Minor Mineral Concession Rules, 1967 prescribes among other things the formalities to be complied with in quarrying of minor minerals for public purpose by contractors during Government Departmental work. So far as quarrying for Departmental works by contractors in the employee of Government Department is concerned, enforcement of these rules will result in enhancement of cost of work and also expenditure for staff for implementation which will certainly nullify the benefit of revenue collection by way of royalty. There are also other practical difficulties in regard to enforcement of labour laws. Hence the amendment exempting Government contractors from the operation of the above provision while quarrying minor minerals from Departmental quarries for Departmental works.
